Utah Medicaid Dental Coverage

Federal rules require coverage of dental services in some Medicaid enrolled populations, but make dental coverage “optional” in adult populations

Evolution of Utah Medicaid Dental Program

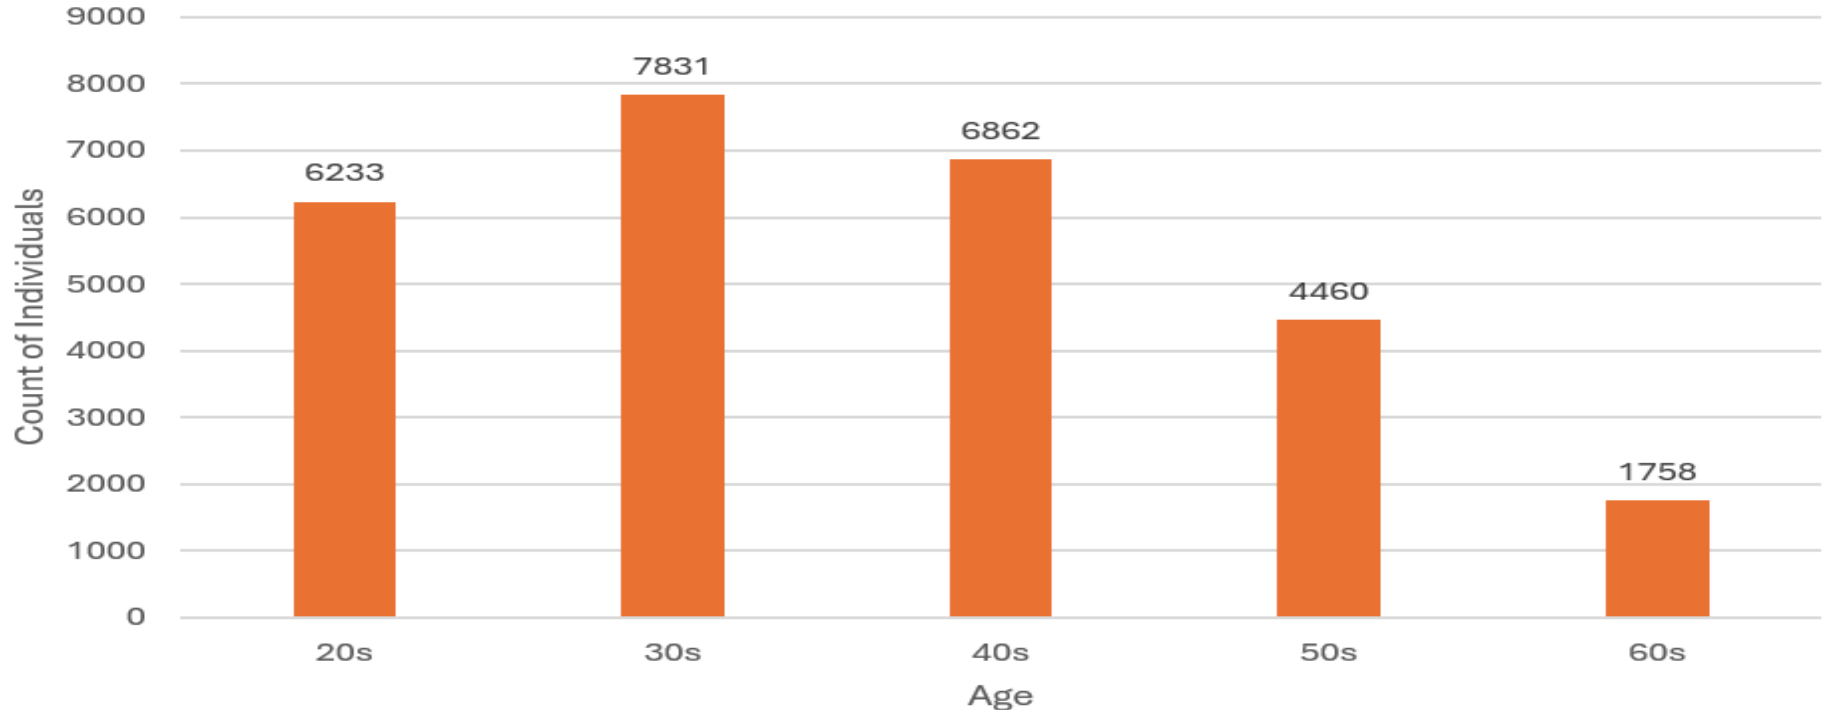

Fee for Service Dental Delivery

- During the 2025 General Session, the Utah State Legislature passed SB 002 requiring Utah Medicaid to end managed care dental for pregnant women and EPSDT (children) members
- Utah Medicaid received CMS approval and managed care dental ended on June 30, 2026. Those members transferred to a FFS model.
